Homeschool and ESA Families

The Open Source Student — Florida Educator's Edition · Florida Pilot Kit v1.0

Who this folder is for

Parents and guardians using the Pilot Kit at home or evaluating future ESA-supported purchase.

Read these first

- ESA and Reimbursement Packet
- Student Edition Lesson Pack
- Implementation Readiness Packet
- Institutional Pricing Information
- Open Pilot Agreement

Notes for this audience

Families should pay particular attention to ESA eligibility limits, student portfolio artifacts, and the distinction between the free pilot and future paid products.

Start with the ESA packet if reimbursement documentation matters. Then use the Student Edition Lesson Pack and Implementation Readiness Packet to decide how to run the five lessons at home. The Open Pilot Agreement explains what you may copy, adapt, and share during the pilot period.

The full preview packet remains available in the full-preview folder. It is an archive/reference copy, not the recommended first read.
