# Summer Camps

---

The Open Source Student — Florida Educator's Edition · Florida Pilot Kit v1.0

## Who this folder is for

Summer-camp directors, enrichment-program operators, and short-format youth programs.

## Read these first

- Standards, Pacing, and Course Fit
- Teacher Edition Lesson Pack
- Student Edition Lesson Pack
- Implementation Readiness Packet
- Institutional Pricing Information
- Open Pilot Agreement

## Notes for this audience

The strongest camp fit is a one-week or weekend civic-tech intensive. Commercial camp use may require a separate license beyond the open pilot terms.

Camp directors should review pacing first, then confirm staff capacity with the Teacher Edition and Implementation Readiness Packet. Because many camps are paid programs, review the Open Pilot Agreement and pricing packet before advertising the curriculum as part of a camp product.

The full preview packet remains available in the full-preview folder. It is an archive/reference copy, not the recommended first read.
