# After-School and Library Programs

---

The Open Source Student — Florida Educator's Edition · Florida Pilot Kit v1.0

## Who this folder is for

Library media specialists, public-library youth staff, after-school program leaders, and community education coordinators.

## Read these first

- Standards, Pacing, and Course Fit
- Implementation Readiness Packet
- Teacher Edition Lesson Pack
- Student Edition Lesson Pack
- Pilot Recruitment and Feedback Pack

## Notes for this audience

This folder emphasizes no-install delivery, five-week pacing, media-literacy/civic-literacy fit, and low-friction pilot feedback.

Library and after-school staff should start with the pacing options and implementation packet to confirm device, time, and staffing fit. The Teacher and Student lesson packs provide the actual instructional materials. The recruitment and feedback packet helps document pilot interest and collect implementation feedback after the program runs.

The full preview packet remains available in the full-preview folder. It is an archive/reference copy, not the recommended first read.
